FEATURE GARDEN APPLICATION FORM 2011

A limited amount of feature garden space is available at Canada Blooms 2011 and although submission of this form does not guarantee that space will be provided, priority does go to Feature Garden Builders who have participated in previous Canada Blooms, members in good standing of Landscape Ontario and garden builders whose designs bring unique value to Canada Blooms and interpret our theme “Rhythms” in their designs. Once approved, placement will be on a first come first served basis based on size available, design features and date of submission of application.

Subsidized garden space is limited to those who qualify. Sponsored, publicly funded or commercial gardens do not qualify for subsidy. Placements will be confirmed only after design concepts have been approved by the Feature Garden Committee.
